# Limited Edition B1 Decade

## Hear what a difference 10 years make

B1 Decade
LIMITED EDITION

The Limited Edition B1 Decade is the latest addition to the Vivid Audio loudspeaker family. The culmination of 10 years' R&D, it represents another huge step forward in progressive design and sound quality. The Limited Edition B1 Decade's distinctive shape minimises diffraction and reduces internal standing waves for a clearer sound: the composite sandwich enclosure helps eliminate structural resonance.
Drawing on technology from our revolutionary Giya series, it also benefits from new drivers and filters that take mid-range and upper-register performance to a totally new level.
In a market still dominated by square cabinet speakers, the Limited Edition B1 Decade stands out as a perfect example of form truly following function.

### Specification

| | |
|---|---|
| **Configuration** | 3 and 1/2 way vented cabinet |
| **Cabinet material** | Balsa-cored quadraxial glass composite sandwich |
| **Cabinet colour** | Red or black |
| **Base and pedestal** | Fibre-loaded polymer complex |
| **Finish** | High gloss automotive |
| **Drive units** | HF: D26 – 26mm metal dome unit with tapered tube loading<br>Mid: D50 – 50mm metal dome unit with tapered tube loading<br>Bass: C125d – 2 x 125mm alloy coned unit (coupled)<br>New topology rare-earth magnet design |
| **Sensitivity** | 89dB @ 2.83Vrms at 1.0 metre on axis |
| **Nominal impedance (Ω)** | 4 |
| **Frequency range (Hz)** | - 6dB points: 34 - 36,000Hz |
| **First D26 break-up mode** | 44,000Hz |
| **Frequency response** | 38 - 33,000Hz +/- 2dB on reference axis |
| **Harmonic distortion (2nd and 3rd harmonics)** | < 0.5% over frequency range |
| **Cross over frequencies (Hz)** | 130, 900, 3500 |
| **Power handling (music program) watts rms** | 300 |
| **Loudspeaker dimensions** | 1095mm (H) x 265mm (W) x 375mm (D); Base: 420mm (D) |
| **Net weight** | 36kg |
