Distributor of Excellence

V1.5

V1.5

The perfect introduction to the Vivid Audio family

In a market still dominated by square cabinet speakers, the V1.5 stands out as a perfect example of form truly following function. Its distinctive shape minimises diffraction and reduces internal standing waves for a clearer sound. A carbon-fibre-loaded polyester enclosure also helps eliminate structural resonance.

The V1.5 draws on patented technology developed for our high-end Giya series to deliver outstanding sound quality. The C125 aluminium cone driver gives you exceptional mid-range transparency, together with our signature articulate bass, while the D26 handles high frequencies. Both are perfectly aligned for optimum power response.

Specification

| | |
|--|---|
| Configuration | 2 way vented cabinet |
| Cabinet material | Complex loaded carbon fibre filled polymer |
| Standard cabinet colour | Piano, Pearl |
| Bespoke cabinet colour | Bespoke colour options available on request |
| Drive units | HF: D26 — 26mm metal dome unit with Tapered Tube loading Mid-bass: C125 — 125mm metal coned unit |
| Bass loading | Exponentially tapered tube enhanced bass reflex |
| Sensitivity | 89dB @ 2.83Vrms at 1.0 meter on axis |
| Nominal Impedance (Ω) | 8 |
| Frequency range (Hz) | Frequency range (hz): - 6dB points 40 – 33,000 - 6 dB points: 36 – 36,000 Hz |
| First D26 Break Up mode | 44,000 Hz |
| Frequency response | 42 – 30,000 +/- 2dB on reference axis |
| Harmonic distortion (2nd and 3rd harmonics) | < 0.5% over frequency range |
| Cross over frequencies (Hz) | 3000 |
| Power handling (music program) watts rms | 150 |
| Loudspeaker dimensions | 1085mm (H) x 255mm (W) x 340mm (D) |
| Net weight | 17kg |
